

# Obesity Interventions for Adults Certificate Program

## Steps to Achieve Certificate of Training

### Step 1

Register for a certificate program.

### Step 2

Complete 38 hours of pre-work materials (including research articles, resources and activities).

### Step 3

Pass the multiple-choice pre-test (minimum score: 80%). You may take the pre-test as often as necessary to obtain a passing score.

### Step 4

Attend a 2-day in-person workshop.

### Step 5

Pass a take-home multiple-choice post-test (minimum score: 80%). The test can only be taken once.\* After the post-test is taken 52 CPE hours will be awarded.

\*Those who do not pass will be awarded the CPE hours but not the certificate.
